

CYBK6001 Explosion-proof Electronic Pressure Switch

1 Parameters

Range	-0.1MPa...0kPa ~ 10kPa...100MPa
Supply Voltage	+15VDC ~ +30VDC (Calibration value: +24VDC)
Accuracy	1.0 0.25 0.5
Output	Relay contact or high low level
Protection level	IP66
Explosion-proof mark	EX D IIC T6 GB

2 Features

- ◆ Internal continuous adjustment with control functions
- ◆ Adjustment without dead zones, zero point to full-scale regulation
- ◆ High stability, high reliability.

Model	Feature	Outline Drawing
CYBK6001	1. Pressure signal output; 2. Universal shape, standard mounting bracket.
